Omelets Have Variety **Part 1**

If prayer is really what changes things, then why aren't we praying more?

Prayer is not about how well you can pray but how well you know Him.

Prayer is where you can undress your thoughts, clean your heart, and be renewed.

In the church or body of Christ there are different types of gifts, but it all starts and comes from one Spirit which is Christ.

I Corinthians 12:12-14

The Role of The Holy Spirit to The Church.

- The Holy Spirit unifies the church.
Ephesians 4:3
- The Holy Spirit supervises the church.

We as the body of Christ all play a different part in maintaining the church and the life of the church.

Each player has to understand their role or their part on the team.

In the body of Christ, we need everyone to play their role or part in advancing the kingdom of God.

There is no big I's or little U's we are all important to the body of Christ.

I Corinthians 12:15-20

When we as a body of Christ are not operating in the full measure of the body, we are lacking strength, guidance, provision, and wisdom.

I Corinthians 12:25-27

God doesn't call the qualified He qualifies the call and the gift.

As believers in Christ we celebrate each other's gifts and callings because it benefits the whole body.

I Corinthians 12:26

You're not just a number here at Adventure Church you do matter.

The body of Christ suffers when you don't do your part in the body.

When you look at yourself as less to others in the body, you're saying God didn't know what He was doing.

I Corinthians 12:11

When God gave you your gifts or calling, He knew your personality and your possibilities.

Psalm 139:13&14

God made you His best and nothing less.

No one else has your U-ness, be you.

Don't just fit in, settle in and blend in, use your gift.

There will always be someone, who is smarter, taller, faster, and maybe prettier but they are not you.

Sing the song God wrote for your voice, **BE YOU!**
