

Fight for Heaven - Part 1

A war has a purpose to get back, get even, or get ahead.

A war also starts by taking a stand between what is right and what is wrong in our country, in our world, or in our spiritual walk with Christ.

Galatians 5:16-17

The flesh desires to do the things that are contrary to the things of God.

The Spirit or Spirit man Christ who lives within us does things contrary to the things of the world.

Our greatest war or struggle in which we face is doing what is right or wrong.

Our greatest war that we are facing in our world, in our county, in our nation is the decisions that are being made that go straight against our belief system and standards of Christ and His Word.

We as believers in Christ are in a spiritual war, that wars against our belief in Christ, His Word, or His Standards.

II Corinthians 10:3-4

What Paul is saying is we are in a spiritual war, a spiritual war against the decay of right and wrong.

Our Weapon of Choice is Truth.

- **Truth sets you free. John 14:6.**

Stay to the truth of God's Word in everything you do.

Truth will always prevail if you will hold on to it through the hard times.

- **Truth Defeats the devil. John 8:44**

The opposite of truth is lies, and the devil is the author of lies and he will be exposed.

- **Truth Guides Your Steps.**

Truth is the key to our assurance of victory and of Heaven.

Truth is the lamp unto your feet and the compass for your life.

Ephesians 6:10-12

Be strong in your faith, your trust and your belief in God, don't wavier when it is convenient, be strong.

Paul didn't call us to fight but to suit up, and stand up against the devils' schemes.

II Corinthians 2:11

What are the devil's schemes?

- **To make us turn against our faith in Christ.**
- **To fight against one another.**
- **To lose our love for one another.**
- **To bring confusion to your mind and spirit, to make you doubt.**
- **To make you believe a lie instead of the truth.**
- **To make you turn against one another as Christ believers.**

To get believers mad at each other instead of agreeing together then we lose strength, power and agreement.

We are attacking people, instead of attacking the spirit that is driving these people.

The devil loves it when we attack each other instead of the of the spirit of hatred, murder, divorce, lying, corruption, racism, and abortion.

We are losing the battle because we are fighting wrong, we are fighting each other instead of the spirit of darkness.

Every conflict is a contest with the devil and his forces **WIN THE CONTEST.**

We need to fight for Heaven and the things of God and not each other.

Fight for Heaven and this lost and dying world.

Fight for Heaven to see God's glory fall upon His people and revival come.

Fight for Heaven to break off the spirit of darkness over the people in authority.
