

Hallelujah

In this resurrection season the devil got 3 strikes, he got knocked out, locked out, and took out.

Over a course of a week, Jesus went from cheers to jeers, from beatings to hanging, from the grave to save, that is why we shout and sing Hallelujah.

Hallelujah means: God be praised and worshiped or as an expression of rejoicing, He is risen.

The resurrection is our hope in our Savior that He is alive and our assurance that we will be with Him again.

Fill your mind with 3 things.

- **It is finished.**
- **He is not there.**
- **He is risen.**

Matthew 28:1-10

Jesus came into the world humble and broken but He exited with power and authority over death, hell, and the grave.

A science fiction movie is just that fiction, but the resurrection is not fiction its facts.

The Facts of the story.

- **The Fulfilment.**

God wrote the script, Jesus fulfilled the actions, there was no take 2, it was 1 and done.

The fulfillment of Jesus words gives us hope that His word to us is yes and amen.

- **The Witness.**

To greet means: to welcome or invite or to introduce yourself.

Jesus introduces Himself not as a man but as the Messiah, the Savior of the world, and the Resurrected King.

Show Me the Proof of Your Existence.

- He appeared to the woman near the tomb.
- He appeared to the followers in the upper room.
- He appears to the disciples on the road to Emmaus.
- He appeared to friends on the shore of Galilee.
- They even touched His body and heard His voice.

We need to stop being Missouri the show me state and just believe by faith.

James 2:19

If the one who fights against us believes Jesus exist, then why can't you believe that Jesus is alive.

- **The Victory**

Because of the resurrection of Jesus, we have the victory through Him over sin and the hope of being with Him in eternity.

I Corinthians 15:54-56

Our Christian Hope.

- **Jesus Christ died a physical death.**
- **Jesus Christ vacated the grave, our victory.**
